Hello,

FYI to the neonic teams that I transmitted the draft PID-RTC document to PRD this afternoon. Per Jan's suggestion, I am going to send it along for OGC review as well.

We'll see if PRD has any questions, comments, or suggestions for us, but I expect there will be some. I'll keep you posted.

Thanks,  
Monica

Hi Matt,

It's been a while in coming and undergone several rounds of internal EFED review, but attached please find EFED's draft PID-RTC document. As we previously discussed it is divided into 5 sections, one for comments common across all the neonics and then chemical-specific sections for clothianidin, dinotefuran, imidacloprid, and thiamethoxam.

Please let us know if you would like to discuss this further or have a meeting to talk through any questions.

I have a question for PRD... are you working with anyone specific in OGC on the neonics? Jan recommended having OGC review our RTC document, but I thought I might coordinate with you all in case there is someone in OGC familiar with neonics reg review.

Thanks,  
  
Monica Wait

Good Morning Monica and EFED,

Thank you for the update on the bean. If the systems are working today, I'll put together a super bean for the N-substituted neonics, and advise Jon to create a bean for acetamiprid.

## Deliberative Process / Ex. 5

Jon, could you put together a RTC bean for acetamiprid?

Thank you all,

Matt

Hi Matt,

I'm planning to schedule an EFED neonics team meeting to talk through the RTC comments and how we want to approach them. For now, you could just send me the "super BEAN" as you call it, and if we decide later to have separate chemical-specific RTCs, we could always ask for more BEANs then.

## Deliberative Process / Ex. 5

# Deliberative Process / Ex. 5

Thanks,  
Monica

**Subject:** Neonicotinoids: Response to Comments to the PIDs and Supporting Documents

Hello EFED Neonicotinoid Team,

Below you will find a [link](#) to neonicotinoid comment tables and the folders that house the individual comments (via Microsoft Teams). This is the first time we are trying to perform this task via Microsoft Teams, so please advise me if there is any difficulty accessing any of the documents or folders containing the downloaded comments. The comment table that will be of most interest to EFED is named, "Neonic PID Comments for EFED". Inside this file (an excel file), you will be able to sort the comments, and view the comment docket ID number. From there, you can go to the AI specific folder and look for the individual comment. If the comment pertains to all of the neonicotinoids, you will find the comments downloaded into the folder labeled, "Overarching Comments".

[https://teams.microsoft.com/\\_#/files/General?threadId=19%3A310837f5aebb4c5f8dd0f69fadf07d93%40thread.skype&ctx=channel&context=General&rootfolder=%252Fsites%252FNeonicotinoidComments%252FShared%2520Documents%252FGeneral](https://teams.microsoft.com/_#/files/General?threadId=19%3A310837f5aebb4c5f8dd0f69fadf07d93%40thread.skype&ctx=channel&context=General&rootfolder=%252Fsites%252FNeonicotinoidComments%252FShared%2520Documents%252FGeneral)

As mentioned in the timeline that I sent around late last week (see attached), PRD is hoping to have a draft of the RTC documents by **December 14, 2020**, and the final signed documents by **January 18, 2021**.

Also, I intend on sending out a bean for this request, however, we are having issues with PRISM at the moment. With that being said,

**Deliberative Process / Ex. 5**

**Deliberative Process / Ex. 5**

**Deliberative Process / Ex. 5**

For this reason, I was hoping to send one bean (a super bean if you will) to each science division. Is this acceptable for EFED? And, if so, is there someone specific that you'd like me to address the bean to?

Please forward this information to your respective teams,

Thank you,

Matt
